SUBJECT: Margaret JOHANN @ Jon ADAM

1. Wolf is aware to a certain extent of the background surrounding the attached case. Subject, who is a close contact of PAPANAGE, has taken up with Archbishop LEU. LEU is positively known to be a British controlled agent with possible connections to the B/DOC. GEORGE has explained this connection to me as follows: Subject intends to arrange a meeting between PAPANAGE and LEU, prior to which PAPANAGE is to be instructed to disclaim any interest in the intelligence business. The object of this purportedly is to release British pressure and interest on the PAPANAGE Group.

2. I am most suspicious of the entire story. The plan to me appears stupid initially as it is doubtful that anything at the present time will relieve British interest, and secondly because I am convinced that LEU, an old British agent, is fully aware of subject's U. S. connections. The whole thing looks suspiciously like a double sell. I would suggest that GEORGE reduce to writing the entire details of the connection of subject to LEU, from its inception to present date.

3. In line with all of the above, I fully believe that it is imperative that someone, probably HANK, accompany GEORGE, subject, and conceivably LEU if he goes, to the PAPANAGE meeting in Rome. I am very dubious about the type eggs which may be hatched at that setting if one of our own chickens is not present.

4. Please study this carefully.
